0600 **SOW-** NOTHING NEW TO PASS. TWO DAYS AGO, WE ATTENDED THE MONTHLY HHOT MEETING AT THE CENTER AT 1330 HOURS. BELOW IS A SYNOPSIS OF THE GATHERING:

Courtney from PATH brought the meeting to order. Mark Van Asselt, who is now working with the VA, talked about the importance of educating communities and advocates willing to assist Vets. He gave a handout explained all the services available and how to assist Vets with making the proper contacts. Mark also advised the programs can not accept sex offenders or those convicted of manufacturing narcotics.

Courtney advised of two new PATH facilities that will be opening soon. One facility will be in Los Angeles; clients will have to obey to a drug / sober test once a month. The other will be in West Los Angeles and consist of no testing whatsoever. There will be immediate openings for those who are GPD, VASH or special needs eligible. Those who are not VASH eligible can be directed to SSVF.

We were advised Kevin Portis (m/b who wears the security badge on Sunset Blvd and Vine Street) is VASH eligible. Dawn completed a CES on Kevin and his information was sent to Karen at the VA. She advised he is, in fact, VASH eligible.

Mark continued if there are any Veterans that are interested in being assigned a case worker, gather their contact info and relay it on the Monday morning conference call.

There is a new program dealing with chronically homeless over 55 years. The facility is called the Vermont Villas located at Vermont Avenue and avenue 120. It is scheduled to open July 1st, 2015.

We continued with client updates- Step Up listed multiple clients that have been housed but none were recognized by the BID.

Roxane Henderson is not doing well. She was diagnosed with an in-op benign tumor and currently being treated at UCLA Harbor.

Aimee, from the Lord's Lighthouse, also listed a few clients that are matched but the names were unfamiliar with the BID.

Nathan, from The Center, advised Jonathan Rodgers has left PATH on two separate occasions. He was approved for a lease and currently has his Section 8 voucher. Unfortunately, he has refused to cooperate with his case worker. Oddly enough, the property manager advised he will accept him as a tenant in the future if he decides to move forth and sign another lease.

Robert from Housing Works advised Arnie Cartier was under conservatorship for one year. He is assigned to a board and care but doesn't stay at the location nightly. He has been seen on the street for a night or two then returns to the facility. Robert said they are trying to get him into the Gower Street Apartments which is located at Gower Avenue and Santa Monica.

Damon Payton has been housed for the past four years but unfortunately has been back on the streets since the end of January. He has been struggling with his narcotic dependency issue but agreed to be admitted into a detox program. He entered the program today (05-12-2015). The BID had multiple arrests involving Damon. It was a huge accomplishment to finally get him off the street.

Robert spoke of an interesting story regarding Robert Blake.

ANDREWS INTL / HBID INCIDENT REPORT/LOG

The case worker followed protocol involving setting up an appointment with DMH on Vine Street. Unfortunately, staff was unaware of the appointment and Robert, along with his case worker, stood by until he could be evaluated. After approximately 1 ½ hours of waiting in the waiting room, Robert became aggravated and hysterical. He began banging his head against the wall and screaming. LAPD was called and he was taken from LADMH and placed on a 5150 hold. Luckily, his case worker was able to accompany him to the facility and speak with the doctor approving the hold. They are working on a conservatorship.

Spencer from The Center spoke of a new Clinical Director who is also a priest. He expressed his interest in working with homeless and persons with dependency issues.

The center is planning on starting construction June 18th, 2015. There will be working out of two trailers inside the parking lot. The Center will still continue hosting events at both local libraries for clients to attend.

LAPD officer Julie Noney explained that Michael and Michelle have been a constant problem. Today, they were not at their normal location and all their property had been moved. She asked that if they show up to left he know. Shortly after, LAPD Sgt. Fernandez and Captain Storker arrived. Sgt Fernandes discussed his involvement with homeless as well as concerns. He worded his concerns professionally and with empathy. He did express the rise in ADW / Battery related crimes involving the homeless.

Alex advised there is a new program involving HIV+ clients and housing. She also gave a HMIS update.
